10 HOURS, NOW 20 MINUTES

What do you charge?

WYN

01

THE 10-HOUR REPORT

Layer, a 25-person Norwegian agency, says it quoted a client 10 billable hours for one report pulling from five sources.

02

CONNECTED AT SOURCE

Supermetrics links ad and analytics data to Claude. It says campaigns created this way start paused, so nothing goes live without a person.

03

WEEKS OF CHECKING FIRST

Morten Kleven of Layer says weeks of checks found no incorrect data point. Of the 20 minutes, 17 go on pasting into the client's sheet.

WYN CHECKLIST, DRAWN FROM THE CASE

BEFORE AI TOUCHES CLIENT REPORTS

1 Connect the data at source. 2 Validate the output for weeks before clients see it. 3 New campaigns are created paused until a person approves. 4 A named person approves.
